Bonded together in love as family.

It is an extraordinary time we are living in and I believe God will use it for us together as a church and He will use it for you personally. In Joshua 3:4, when Joshua led the Israelites to cross the river Jordan, God says, "... you have never been this way before." Likewise, God is starting something new and we are experiencing this new beginning.

With the lockdown imposed on us for the first time we are experiencing home worship, especially for the Nagas as we haven't done this before. It is an added blessing from God to be able to worship with family at home. Home may not be familial ties alone as more often than not homes are ungodly with unhealthy relationships. Home and familial can be friends and new friends we build of whom we trust and love. Therefore, in these times, let us be bonded together in love as family- family that prays and look out for each other. Let us not be discouraged by the circumstances that is happening around us but rather be grateful for friends and families that God has blessed us with, of whom we regard as families.

While the world has been brought to its knees because of the COVID-19 pandemic, I am thankful to God that the WSH and WSBK are also able to play a role in helping our people in need through the Quarantine Centre at LFI, Kevija-ü/Thahekhu, Dimapur, Nagaland. I would also like to thank every individual and well wishers for their generous offerings and efforts in managing the QC. We look forward to more cooperation and contribution and your prayer support.

“Service to humanity is service to God”

I feel very happy and privileged to be one of the frontline workers fighting the Corona pandemic in a small way. I take it as another dispensation coming my way to serve humanity and the society.

In the beginning, when my name was proposed among the Thahekhu Village Council members to represent in the Sumi COVID-19 Committee I was a bit hesitant not just because of the fear of the disease but the time that I have to sacrifice during and post quarantine period forgoing all other personal or community activities. And that the job is also not everyone's cup of tea, it pertains to the trained medical or experts in the field. However, believing in the saying that “Service to Humanity is Service to God” prompted me to take step forward which I now begin to find satisfaction. If my service is needed by my society, if a bit of my action can make a little difference in the lives of my fellow brothers and sisters I should not be selfish. It has to be my ministry and must be compliant to the calling.

The task to perform in a quarantine Centre is not as easy as one might think but it is also not as dreaded as we initially thought to be. Of course, the job is very risky especially as throughout the day, now and then the volunteer exposes to uncertain ambience. While we perform our duties as caretakers we have to take into consideration not only of our safety but the Safety of inmates and the safety of the neighborhood which is imperative. In this condition, we have to operate our activities and keep it functioning smooth and safe. Initially, when we started to work out the guidelines and SOPs for operation of our Quarantine Centre, I felt as if playing a Maze Game and it was interesting too, each of us bringing out the better and safer means and way to play as we go along it, and finally we took to tread on it.

As the number of positive cases started rising each passing day, I feel that it has become the responsibility of every citizen to take proactive step and do what we can to help the Govt. frontline workers to concentrate on the line of their expert so that utmost output can be achieved to curb the spread of the disease. I would like to urge upon every able citizen to proactively participate in this fight against the Corona pandemic. Remaining yourself is the safest way while joining in the pandemic fight is noble.

Let us all be sensitive to the needs of others, let us all fight Corona together by conducting ourselves responsibly.

PRAYER SECTION

Lord, our Refuge, we thank you for listening unflinchingly to the cries of your people. You have been our anchor in the midst of this pandemic and you have constantly provided us with our needs and the hope to get through every day.

O God, we are praying for the front liners who have been facing this battle boldly. We pray for your continuing provision, especially of personal protective equipment to keep them safe, for test kits to save lives, and for greater government support to help them fight COVID-19.

Direct us, Lord, towards helping our fellow citizens and our front liners. May our leaders mirror you in being able to hear and answer the voices of the people, so that they can respond especially to the scarcity of medical resources and other programs to sustain and strengthen all medical practitioners. Lord, protect us all during this pandemic.

Hear our cries as we pray, in the Name of Jesus Christ, our Hope and Light, Amen.

ACTIVITY 3 may 30 2020

There are names of sixteen (16) books of the bible hidden in the paragraph below. Lets see how many you can find. HAVE FUN!

I once made a remark about the hidden books of the Bible. A certain luke, kept people looking so hard for facts, and for others, it was a revelation. Some were in a jam, especially since the names of the books were not capitalized. But the truth finally struck home to numbers of our readers. To others it was a job. We want it to be a most fascinating little moment for you. Yes, there will be some really easy ones to spot. Others may require judges to help find them. I will quickly admit it usually takes the preacher to find one of them, and there will be loud lamentations when it is found. A little lady says she brews a cup of tea so she can concentrate better. See how you will compete. Relax now, for there really are sixteen books of the Bible in this paragraph. *** Incorrect Spelling will not be accepted.**

MAINTAIN SOCIAL DISTANCING

"One of the best part of our Q-Centre is, we organise music listening time on request by the inmates through online from 6 to 7pm. Due to availability of good sound system during this course of time, we plays music of various genre such as soulful music, tribal music etc. and some of them sings along with the music which is creating moments of fun and happiness to the inmates We are trying our best to comfort them in all possible ways."
